On August 18th, 2023, "Valentine" is released as a single. Michael Antony Austin: "This is probably the most 'New Country' sounding song I've written – so far! I'm a big fan of a lot of mid to late 90's / early 00's Country artists such as Brad Paisley, Keith Urban, Vince Gill, Dwight Yoakam, Garth Brooks... the list goes on. This was my first serious attempt to try and capture that rocking' Country sound and spirit that I love. The story is just a simple 'boy meets girl' thing, but a lot of people seem to like the energy. It's always an extremely popular song LIVE, and a great tune to put on when driving down the highway!"
